# WELCOME FROM CITY CLERK ANNA M. VALENCIA

Dear Chicago Dog Owner,

Dogs are an important part of our lives. Consequently, being a dog owner requires all sorts of responsibility. One that is often overlooked is registering your dog with your city and getting them licensed. By law, every Chicago resident owning a dog must obtain a dog license.

Licensing your dog should be a priority for the following reasons:

- *If your dog is lost, a license tag on your dog's collar is the fastest way to reunite you and your dog.*
- *Licensing shows that your dog is up to date on their rabies vaccination.*

This dog owner's guide is intended to provide concise information on how to register your dog. It also provides helpful information and resources for dog owners, including a list of Chicago dog parks, dog friendly outdoor cafes, dog daycare, dog friendly businesses and free or reduced fee rabies vaccination information.

My commitment is to make your dog registration as easy and convenient as possible. Presently, you can register your dog at any City Clerk's office location, online at [www.ChiCityClerk.com](http://www.ChiCityClerk.com) or simply call our office at (312) 744-DOGS (3647) to have an application mailed to you.

I am always searching to provide more resources for dog owners. If you have any ideas on new or additional information we could include in this guide, please contact me at [www.ChiCityClerk.com](http://www.ChiCityClerk.com).

***Looking forward to seeing you and your dog soon around the City!***

Sincerely,

**Anna M. Valencia**  
City Clerk of Chicago

# DOG REGISTRATION

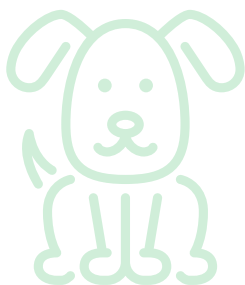

As a responsible and caring dog owner, it is important to register your dog with the City of Chicago. In the event your dog strays, the finder can call the City Clerk’s Office at **312-744-6770** with the dog registration number on the tag and we will help reunite you with your dog. A portion of your dog registration fee is allocated to Animal Care and Control and spay/neuter programs. The cost to register your dog is **\$5** for a sterilized dog (**\$2.50** for seniors) or **\$50** for an unsterilized dog (**\$5** for seniors).

You can register your dog at all City Clerk Office locations, online at [www.ChiCityClerk.com](http://www.ChiCityClerk.com), or call **312-744-3647** to have an application mailed to you.

# FREQUENTLY ASKED QUESTIONS ?

**Q1.** How much does it cost to register my dog with the City of Chicago?

**A.** The cost to register your dog with the City of Chicago is as follow:

- **\$5.00** for a sterilized dog (\$2.50 for senior dog owners)
- **\$50.00** for an unsterilized dog (\$5.00 for senior dog owners)

*Please see price chart on page 6 for all prices.*

**Q2.** Why are licenses for unsterilized dogs more expensive?

**A.** The City of Chicago Animal Care & Control is forced to house, care for, and even euthanize, thousands of animals each year. This tragic and costly reality could be avoided by spaying and neutering. Sterilized dogs are healthier, have fewer medical problems and are less likely to run away or fight with other animals.

**Q3.** When does my dog's registration expire?

**A.** Your dog's registration expires on either the registration expiration date (i.e. 1 or 3 years after purchase, depending on the length you purchase) or the expiration date of its current rabies vaccination, whichever comes first. Since rabies vaccinations typically last either one or three years (depending on the vaccination administered by your dog's vet), the Clerk's Office offers dog registration in 1-year and 3 year increments.

**Q4.** What do I need to register my dog?

**A.** All Chicago dogs older than four months are required to be registered with the City Clerk's Office. All Chicago dogs must have a current rabies vaccination and you may use your rabies vaccination paperwork to complete the license application. Ordering your dog license online at [www.ChiCityClerk.com](http://www.ChiCityClerk.com) is the easiest way to go. To expedite the issuance of your dog license, visit a City Clerk's Office location in-person.

If you prefer to pay with a check or a money order, please make your check or money order payable to **"Chicago City Clerk."**

Please print your telephone number on all checks or money orders. If ordering by mail, **PLEASE DO NOT SEND CASH.**

## DOG LEASH IMPORTANCE

Even a well-trained, well-socialized dog needs supervision, instructions and boundaries. Here are some reasons why leashing your dog is so important:

Leashes prevent your dog from straying and getting lost.

Leashes protect your dog from darting into the traffic to chase something exciting, or from running from something scary.

Leashes protect your dog from unseen or unknown hazards, such as things that cut, sting, bite, or cause illness.

Leashes prevent your dog from startling unsuspecting pedestrians, cyclists or others, who may be on the public way, or from chasing or scaring other animals into traffic or harm's way.

Leashes reduce the chance that a person or another dog may be bitten. Whether the dog is startled, frightened, protecting it's guardian or involved in other territorial activities, a dog has the potential to bite.

Leashes make it easier to clean up after your dog, and prevent your dog from eliminating waste in protected areas, where children play, or others walk.

Leashes direct your dog away from areas where flora and fauna should be preserved.

Leashes reduce stress for your dog by making sure the dog understands what is expected. Less stress means a healthier and happier dog.

Leashes eliminate the pain, suffering and guilt your family will go through should your dog get lost, hurt or bite someone.

It is the law. A fine of \$300 can be issued to an owner for having a dog unrestrained.

## REASONS WHY YOU SHOULD PICK UP AFTER YOUR PET

- Undoubtedly, it is unsightly and there is a repulsive odor.
- It does not instantly disintegrate and it runs off into the water system.
- Stepping in it is simply disgusting.
- Dogs can spread diseases to each other through their feces.
- It attracts rodents and,
- It is the law and you can receive up to a \$500 fine.

**Dog feces can carry diseases, that can infect humans including:**

**SALMONELLA** may cause an upset stomach or more severe problems.

**ROUNDWORM** potentially causes a mild rash to more serious diseases to the lungs or liver, or even blindness. The Center for Disease Control and Prevention reports 10,000 cases of roundworm infection annually.

**HOOKWORM** a parasite that can be picked up by individuals that walk barefoot in contaminated areas.

**CAMPYLOBACTERIOSIS** is a bacterial infection that can cause diarrhea in humans.

**GIARDIASIS** is a diarrheal illness caused by a one-celled, microscopic parasite. Once an animal or person has been infected, the parasite lives in the intestine and is passed in the stool. Because the parasite is protected by an outer shell, it can survive outside the body and in the environment for long periods of time.

# PREVENTING ANIMAL VIOLENCE

The program also gives adults and children the appropriate tools for safely interacting with dogs to avoid bites and attacks. For more information, please visit [www.safehumanechicago.org](http://www.safehumanechicago.org).
