SENIOR GUIDE
TELEPHONE RESOURCES
Anyone who lives in Chicago and owns a vehicle must purchase and display a current Chicago City Vehicle Sticker. You have 30 days from the day you move to the City or buy a car to purchase the Chicago City Vehicle Sticker. More than $137 million in revenue is raised each year from the sale of vehicle stickers with all funds dedicated to repairing City streets. A $60.00 late fee is applied to the purchase of a vehicle sticker unless the motorist has documentation showing they moved to the City or purchased their car in the last 30 days. Only purchase your vehicle sticker from an authorized vendor. You can locate vendors on our website, ChiCityClerk.com.

If you suspect a vehicle sticker is counterfeit or if you witness the sale of an unauthorized vehicle sticker, please call the City Clerk’s Investigation Division at 312-742-9217.
ANNUAL RESIDENTIAL PARKING PERMITS AND GUEST PASSES

Throughout the City there are more than one thousand residential parking zones designed to make parking easier for residents of each zone. Signs posted in the zones alert you to the zone number and parking restrictions. You can only park on these streets if you have a Chicago City Vehicle Sticker with that specific zone number listed on it or if you receive a Residential Parking Daily Permit from a resident of that parking zone.

Residential Parking Daily Permits are used in residential parking zones by guests of someone who lives in that zone. They are valid for 24 hours and sold in sets of 15 for $8.00 per set. Up to 45 passes may be purchased per household in a 30 day period. These permits are available for purchase at City Clerk Office locations and online at ChiCityClerk.com.
The Chicago Municipal ID Program was established to bring Chicago together as one community. Now known as the Chicago CityKey, it will enable Chicagoans to obtain an optional, valid, government-issued ID that they can then use to access a range of services from both the private and public sectors. The CityKey will also serve as your Ventra, Chicago Public Library, and Pharmaceutical Benefit Card. The optional card will be available to all Chicagoans who display documents to establish proof of identity and residency in Chicago.

As part of the CityKey program, you can also take advantage of discounts on generic and name brand medications. When you get your CityKey, your free Chicago Rx Card number will be printed directly on to the back of your card. The Chicago Rx Card is a free and easy way to save up to 80% on prescription drugs and also provides discounts on dental, vision, veterinarian, and lab and diabetes supplies/equipment.

No registration or pre-qualification is needed and everyone is eligible, including families and individuals, regardless of age, income or health. There’s no limits on usage or an expiration date. It’s also great for those who are uninsured or under insured or if you’re in the Medicare “donut hole” where you must pay all costs out-of-pocket for your prescriptions after reaching your yearly limit. No fees, exams or gimmicks. If you don’t have a CityKey, you can cut out your free Chicago Rx Card on the back cover of this booklet.

To find out more information, including what types of benefits will be associated with the card, please visit us at http://chicityclerk.com/chicagocitykey.
Starting on February 1, 2019, our office launched a pilot program expanding free City Stickers for many of our City’s Veterans. Residents who have an Illinois Driver’s License or State ID with a Veteran’s designation issued on or before December 31, 2018 will be eligible to receive one City Sticker for a passenger, large passenger or motorbike for free.

Ex-Prisoners of War, Purple-Heart Veterans, or disabled veteran with Illinois XP, PR, or DV plates will remain eligible for Chicago City Vehicle Stickers for no fee.

Please note that residents can only take advantage of this offer at Office of the City Clerk locations. There will be no refunds for already issued stickers, people will qualify when their sticker is up for renewal.

Annual Residential Zone Parking may be added for $25.00 if purchaser resides in a Residential Parking Zone. Disabled Veterans receive an Annual Residential Parking Pass at no charge.
DOG REGISTRATION

As a responsible and caring dog owner, it is important to register your dog with the City of Chicago. In the event your dog strays, the finder can call the Office of the City Clerk at 312-744-3647 with the dog registration number on the tag and we will help reunite you with your dog. A portion of your dog registration fee is allocated to Animal Care & Control and spay/neuter programs. The cost to register your dog is $5 for a sterilized dog ($2.50 for senior dog owners) or $50 for an unsterilized dog ($5 for senior dog owners).

You can register your dog at all City Clerk Office locations, online at www.ChiCityClerk.com, or call 312-744-3647 to have an application mailed to you.

The Illinois Department of Healthcare and Family Services also administers the Medicaid and medical assistance grant programs. Medicare is a federal governmental health insurance program available to people age 65 or older or determined disabled individuals and is administered by the Social Security Administration. There are a variety of programs within Medicare. The Original Medicare is a fee for service plan that
covers many health care services. You can go to any doctor or supplier that is enrolled and accepts Medicare. Medicare Health Plans are like HMOs and PPOs. These plans are sponsored by Medicare and run by private companies. When you join one of these plans, you are still in Medicare. Some plans require referrals to see a specialist. They provide all of your Part A (hospital) and Part B (medical) coverage. These plans may include prescription drug coverage.

Medicare Prescription Drug Plans add prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private Fee-For-Service Plans and Medicare Medical Savings Account Plans. Medigap policies help pay some of the healthcare costs that Original Medicare doesn’t cover. If you are in Original Medicare, you could get a Medigap policy to help cover the extra healthcare costs.

For more information about Medicare, call 1-800-MEDICARE or visit www.mymedicare.gov

LEGAL SERVICES FOR SENIORS

There are a number of services in Chicago to assist senior citizens with legal questions involving will and estate matters as well as public aid eligibility and Social Security benefits. One of the organizations is the Legal Assistance Foundation of Metropolitan Chicago (LAF). The LAF represents seniors (60 and over) in all areas of law, with an emphasis on consumer fraud, homeownership preservation, elder abuse, and Medicare Part D. While LAF concentrates on helping people who cannot afford to pay for legal representation, there are no financial limitations on eligibility.
The Department of Family and Support Services can assist you in finding legal resources. Contact them at 312-744-4016 or 312-744-6777 (TTY). The Clerk of the Circuit Court of Cook County is available to bring its services to the various senior citizen facilities in Cook County. The Clerk of the Circuit Court’s office is available to educate senior citizens about the daily functions of the office and how to utilize the many services available. To schedule this program at a senior center, or for more information, call 312-603-5030.

The Illinois Department on Aging helps older adults live independently in their own homes and communities. As the population ages, services and programs for older adults must evolve as well because longevity has greater meaning when quality of life is enhanced. To best serve older adults, we must also serve their families and teach younger people about the realities of aging, so many of our programs have an intergenerational emphasis. Working with area agencies on aging, community-based service providers and older adults themselves, the Illinois Department on Aging strives to improve quality of life for current and future generations of older Illinoisans.

**Community Care Program** - Designed to help older people live independently, the Community Care Program provides in-home and adult day services to seniors each month. To be eligible for service, clients must be 60 years of age or older and their asset level (for a single person) cannot be over $17,500 (not including home, car or furnishings); a cost share is applied if the client’s income is above a specified level.

**Care Coordination** - Care Coordinators, who work in community-based agencies called Care Coordination Units, arrange for an array of support services and make appropriate referrals for older people who need assistance. It is the care coordinator who determines eligibility and designs the care plan.

**In-Home Service** - This service provides assistance with personal care, as well as with household tasks such as cleaning, laundry, shopping, running errands, and planning and preparing meals. In-home service is available in every county in Illinois.

**Adult Day Service** - The Department funds many adult day service centers in the State. The service is designed especially for older people who cannot be at home during the day. Not
only does the program provide socialization for clients, it offers respite for family members.

**Note:** Adult Day Services Centers are eligible to apply for the Child and Adult Care Food Program administered by USDA. USDA is an equal opportunity provider, employer, and lender.

**Senior Companion** - This program, which is offered in limited areas of the state, matches older people who cannot be left alone with low income senior volunteers who provide companionship.

**Choices for Care** - If you need long term care, this program makes it possible for you to learn about community-based care (in-home service, home delivered meals, etc.), as well as nursing home care. Local case managers meet with older people and their families to discuss various care options. As a result, people can make more informed decisions about what kind of care is most appropriate and affordable.

**Senior HelpLine** - The Department’s statewide toll-free number, 1-800-252-8966, 1-888-206-1327 (TTY), handles numerous calls Monday through Friday from 8:30 am to 5:00 pm. The Department also provides an Adult Protective Services Hotline (1-866-800-1409) that receives confidential abuse reports 24-hour, 7-days-a-week.

The Senior Health Insurance Program *(SHIP)* - is a free statewide health insurance counseling service for Medicare beneficiaries and their caregivers.
Emergency Home Response Service (EHRS) is a 24-hour emergency communication link to assistance outside the home for older adults with documented health and safety needs and mobility limitations. Senior Community Service Employment Program
The Senior Community Service Employment Program (SCSEP), also known as the Title V Program, is a federally funded program designed to assist adults age 55 and older in entering or re-entering the job market. The program is administered by the Illinois Department on Aging through the Area Agencies on Aging, which are responsible for implementation at the local level.

The SCSEP Program fosters and promotes part-time and temporary community service opportunities that contribute to the general welfare of the community.
Who is Eligible?
Anyone is eligible to enroll in the program who:
• is at least 55 years old;
• has a limited income (a figure set by the U.S. Department of Labor at not more than 125% of the poverty level); and,
• is capable of performing the tasks involved in the proposed community service assignment.

How it Works
SCSEP places enrollees, usually 20 hours a week at minimum wage, in community service or not-for-profit agencies where they can remain productive and independent by contributing their talent and services to their communities while earning a modest income. Participants also receive personalized employment-related counseling to enhance their abilities, skills, and aptitudes to increase their job marketability.

Enrollees receive job-related training designed to assist them in finding permanent unsubsidized employment. Training may consist of upgrading existing skills, development of new skills, exposure to educational opportunities, and counseling and assistance in finding and keeping a job to help improve their lives.

Typically, SCSEP participants are offered positions in schools, hospitals, senior centers, nutrition programs, conservation programs, restoration projects, day care centers, employment training centers and other sites.
