YEAR-ROUND CHICAGO CITY VEHICLE STICKER SALES

In 2014, the Office of the City Clerk moved out of the horse and buggy era and into the 21st century. The seasonal Chicago City Vehicle Sticker rush, which started in 1908, is now a thing of the past. Vehicle sticker sales now take place throughout the year rather than during a short, six-week period each summer. The shift to Year-Round Sales is historic and resulted in a vastly better customer service experience, shorter wait times and reduced overtime spending. To learn more about Year-Round Sales, visit ChiCityClerk.com.

CITY VEHICLE STICKERS

Anyone who lives in Chicago and owns a vehicle must purchase and display a current Chicago City Vehicle Sticker. You have 30 days from the day you move to the city or buy a car to purchase the Chicago City Vehicle Sticker. More than $132 million in revenue is raised each year from the sale of vehicle stickers with all funds dedicated to repairing city streets. A $60.00 late fee is applied to the purchase of a vehicle sticker unless the motorist has documentation showing they moved to the city or purchased their car in the last 30 days.

Only purchase your vehicle sticker from an authorized vendor. You can locate vendors on our website, ChiCityClerk.com.

If you suspect a vehicle sticker is counterfeit, please call the City Clerk’s Investigation Division at 312-742-9217. If you witness the sale of an unauthorized vehicle sticker, call 311.

Chicago City Vehicle Stickers Prices:

- $87.82 Passenger Vehicles
- $139.48 Large Passenger Vehicles
- $206.63 Small Truck

Seniors age 65 or older receive a discounted rate of $31.00 for one passenger or large passenger vehicle.
ANNUAL RESIDENTIAL PARKING PERMITS AND GUEST PASSES

Throughout the city there are more than one thousand residential parking zones designed to make parking easier for residents of each zone. Signs posted in the zones alert you to the zone number and parking restrictions. You can only park on these streets if you have a Chicago City Vehicle Sticker with that specific zone number listed on it or if you receive a Residential Parking Daily Permit from a resident of that parking zone.

Residential Parking Daily Permits are used in residential parking zones by guests of someone who lives in that zone. They are valid for 24 hours and sold in sets of 15 for $8.00 per set. Up to 45 passes may be purchased per household in a 30 day period. These permits are available for purchase at City Clerk Office locations and online at ChiCityClerk.com.

CITYKEY PROGRAM

The Chicago Municipal ID Program was established to bring Chicago together as one community. Now known as the Chicago CityKey, it will enable Chicagoans to obtain an optional, valid, government-issued ID that they can then use to access a range of services from both the private and public sectors. The CityKey will also serve as your Ventra, Chicago Public Library, and Pharmaceutical Benefit Card. The optional card will be available to all Chicagoans who display documents to establish proof of identity and residency in Chicago.

As part of the CityKey program, you can also take advantage of discounts on generic and name brand medications. When you get your CityKey, your free Chicago Rx Card number will be printed directly on to the back of your card. The Chicago Rx Card is a free and easy way to save up to 80% on prescription drugs and also
provides discounts on dental, vision, veterinarian, and lab and diabetes supplies/equipment.

No registration or pre-qualification is needed and everyone is eligible, including families and individuals, regardless of age, income or health. There’s no limits on usage or an expiration date. It’s also great for those who are uninsured or under insured or if you’re in the Medicare “donut hole” where you must pay all costs out-of-pocket for your prescriptions after reaching your yearly limit. No fees, exams or gimmicks.

To find out more information, including what types of benefits will be associated with the card, please visit us at http://chicityclerk.com/chicagocitykey.

CITY COUNCIL INFORMATION

The Office of the City Clerk is the official record keeper for all Chicago City Council legislation. The city government impacts each of our lives in great and small ways on a daily basis. On average more than 1,000 pieces of legislation are considered at each City Council meeting. At times, following City Council and finding the legislation that most impacts you can be confusing. The City Clerk’s Office is here to help. Our online Legislative Information Center provides quick and easy public access to City Council legislative documents and resources. This includes all City Council legislation with corresponding City Council meeting videos, a Legislative Search page with advanced search features, City Council Committee reports and information on all 50 aldermen.

The Legislative Information Center is accessed from ChiCityClerk.com or Chicago.legistar.com. The Center contains legislation dating back to December 2010.
Following are just some of the features found on the Legislative Information Center:

**LEGISLATION:** Search and find detailed information about City Council legislation. Use the Detailed Search feature to find legislation by Sponsor, Committee referral, general topic and legislative status, such as introduced, passed, or deferred and published. Each piece of legislation also has a legislative details page that includes each record’s legislative history and the full text of each file.

**MEETING CALENDAR:** Find detailed agendas for City Council meetings, including links to each agenda item’s legislative history, text and corresponding City Council videos. In addition, you can find all City Council committee notices, agendas and summary reports.

**COMMITTEES:** Locate detailed information on each City Council Committee, including committee membership, contact information and committee websites.

**ALDERMEN:** Find information about all 50 aldermen, including their contact information and a list of all legislation he or she has sponsored. Don’t know your Alderman? Use our convenient Find Your Alderman lookup tool on the page.

**RSS FEEDS AND ALERTS:** Create a unique user ID to sign up and receive automatic e-mail updates and RSS feeds on legislation that matters to you. You can also set up a customized legislative search and alert page on the site.

For more information about the Legislative Information Center or for questions about legislation and using the site, contact the City Clerk’s Council Division at [www.ChiCityClerk.com](http://www.ChiCityClerk.com).

Chicago’s streets are laid out on a grid, making it one of the easiest cities in the country to navigate. Most streets in Chicago run north and south or east and west. In addition to these streets, the city also has a small number of angled streets. Madison Street and State Street act as the dividers of the grid. Madison Street divides north from south. Anything north of Madison is a north street and anything south of Madison is a south street. State Street divides east and west. Anything east of State Street is an east street and anything west of State Street is a west street.

A street’s proximity to either Madison or State is represented in the address. The city is divided up into one mile sections which contain eight blocks to the mile. Each block-averaging a distance of 660 feet is assigned a new series of 100 numbers. For example, the corner of La Salle Street at Chicago Avenue would be 800 North La Salle Street. This would mean that Chicago Avenue is 8 blocks north of Madison Street. The corner of 47th Street at Western Avenue would be 2400 West meaning it is located 24 blocks west of State Street.

The grid system was in place before Chicago was incorporated as a city. Eager to settle the Midwest, surveyors were commissioned to evenly divide plots of land within townships that could be sold to investors on the east coast, most of whom had never traveled to the region.

In Chicago, there was an ambition to sell land to finance the construction of the Illinois and Michigan canals. The canal commissioners hired James Thompson, a surveyor from southern Illinois, to divide Chicago into lots that could easily be sold to investors. Thompson evenly laid out Chicago streets 66 feet wide with 16 feet wide alleys to separate the plots. Other surveyors followed Thompson’s example, leading to the system of streets as we know it today.
All streets, including diagonal streets, are numbered North, South, East, or West from the base lines.
